

# Bridge II Sports Boccia Buzz

January 2022

We are looking forward to making 2022 the best year ever of BOCCIA at Bridge II Sports! Here are some exciting highlights from the end of 2021 as we get this new year going.

## New Space To Play

All of the Flamethrowers love the new practice space at the Cary Senior Center in Bond Park. We moved across the street in September 2021 from the Community Center where we used to have practice.

The new space has more room for everyone to spread out and can even fit two

Bocce courts. The team also now practices on Wednesday evenings instead of Sundays which seems to be working well for all our players.

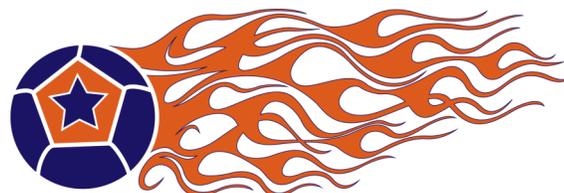

## Our Newest Staff Member

The Flamethrowers would like to introduce you to the newest Program Cultivator, Tyler.

He and Coach Daisy run practices. He is so excited to meet more athletes and help grow the BIIS Flamethrowers team.

Fun fact: Tyler is from Corolla on the Outer Banks!

## Flamethrowers Go To Nationals

Flamethrowers Deja and Elianna traveled to Gardner, Kansas this past October to compete in the USA Bocce Nationals.

Due to COVID, there were only 7 teams this year and

90 athletes instead of the usual 200.

Players were required to wear masks and follow health safety protocols throughout the tournament.

Deja and Elianna competed in individual matches and had a third player, Troy from Kansas, join them for team play. They brought home the bronze medal in team competition! Way to represent Bridge II Sports!! Can't wait to see where Bocce Nationals will be this year!

# 2022 GOAL

This year we want to grow our team and introduce more and more people to the awesome sport of BOCCIA!

If you would like to try or know someone who would, connect with us at:
