

Artfully crafted candles for your self care.

Each candle is hand poured with soy wax, and wooden wicks that make a cozy crackling sound.

Our premium fragrance oils meet rigorous safety standards because your health is paramount. We pride ourselves in being both asthma and allergy friendly because *everyone* loves a great candle.

Thank you for supporting our family business in Mebane, NC.

Lemon Verbena

Bright, slightly sweet, and uplifting. Energize your space and have it smell freshly cleaned.

Campfire Marshmallows

Ooey gooey and nostalgic of roasting marshmallows by the fire. Should you order just one--or do you want s'more?!

Breathe Easy

Sweet peppermint and fresh eucalyptus magically make the air seem lighter and refreshing! This is perfect for cold weather when running the heat makes the air feel stuffy.

Pumpkin Vibes

One of our most mouthwatering scents for the season. Even if you aren't pumpkin crazed this is scrumptious!

Christmas Tree

No trees were harmed in the making of these candles (haha)but you'll think there's a fresh cut Fraser Fir in the room.

Peppermint Mocha

Decadent chocolate blends with peppermint in this irresistible treat.

Christmas Sage

Rosemary and sage combine for a fresh and inviting herbal candle everyone will love.

Merry & Bright

Fill your home with festive spirit and good cheer! Notes of orange peel, cranberry, and apple cider make you think of mulled wine.

Cinnamon Candy

Sweet, warm cinnamon. Reminiscent of Red Hots candy.

Tis the Season

Zesty orange, ripe apple, and fresh cracked peppercorn make this candle a top seller every year.
